Supplement to the

"Proceedings of the Indian Academy of Sciences"

INDEX TO VOL. LXV (B)

AUTHORS' INDEX

Agarwal, K. C. and Shukla, J. P. — Effect of viomycin on nucleic acid and protein content of *Aerobacter aerogenes*, 192.

Avirachan, T. T. .. *See* Chowdaiah and others.

Bal, D. V. .. *See* Patil and Bal.

Bhat, J. V. .. *See* Mullakhanbhai and Bhat.

Chidambaram, Al. .. A study of some symplektites from Madurai District, Madras State, 83.

Chowdaiah, B. N., Avirachan, T. T. and Seetharam, P. L. — Salivary gland chromosomes in four species of tropical anophelines: *A subpictus*, *A. Vagus*, *A. hyrcanus nigerrimus* and *A. barbirostris*, 181.

Dhar, R. D. .. *See* Janaki Ammal and Dhar.

.. Morphology and alkaloid content of two races of *Rauvolfia serpentina* from Kerala, 106.

Dutt, S. and Rao, B. V. Seshagiri — The sphyraemidae of the Indian coasts, I, 238.

Dwivedi, M. P. .. Description of two new species of the genus *Glossimetra* Mehra, 1937 (Plagiorchiidae: trematoda), 200.

Ganapati, P. N. .. *See* Rao and Ganapati.

Govindarajulu, E. .. Further contribution to the anatomy of the Alismataceae: *Sagittaria guayanensis* H.B.K. SSP. *Lappula* (D. Don), Bogin, 142.

Henry, A. N. .. A new *Tylophora* R. Br. (Asclepiadaceae) from South India, 161.

Janaki Ammal, E. K. and Dhar, R. D. — Heredity *versus* environment in the production of alkaloids in *Rauvolfia serpentina*, 103.

Janaki Ammal, E. K. and Kaul, B. L. — Cytomorphological studies in autotetraploid *Asparagus officinalis* L., 1.

Kanekar, M. G., Panse, T. B. and Talwalkar, G. V. — Effect of the substitution of 3-methyl group on the carcinogenic activity of 2-naphthylamine, 257.

Kapoor, P. S. .. Morphological studies in Sapotaceae, I, 153.

Kaul, B. L. .. *See* Janaki Ammal and Kaul.

Krishnamurthy, S. .. *See* Ramamurthy and Krishnamurthy.

Kumar, V. .. *See* Murty and Kumar

Lakshmanan, K. K. .. Embryological studies in the Bromeliaceae, I, 49.

Manju Malaviya .. *See* Rao and Manju Malaviya.

Menon, K. K. .. The lithology and sequence of the Quilon Beds, 20.

Mullakhanbhai, M. F. and Bhat, J. V. — Morphogenesis in *Arthrobacter* species, 231.

Murty, Y. S. and Kumar, V. .. Development of the female gametophyte and embryo in *Fimbristylis diphylla* Vahl., 185.

Nagaraj, M. and Nijalingappa, B. H. M. — Embryological studies in *Myriophyllum intermedium* DC., 210.

Narawane, D. D. .. Glutamic, oxaloacetic transaminase (GOT) activity in skeletal muscles of some freshwater fishes, 16.

Nijalingappa, B. H. M. .. *See* Nagaraj and Nijalingappa.

Padmanabhan, D. .. Some aspects of histogenesis in the leaf of *phoenix sylvestris* L., 221.

Pandeya, S. C. .. Some observations on the autecology of *Themeda quadrivalvis* (Linn.) O. Ktze. var. *quadrivalvis*, 63.

Panse, T. B. .. *See* Kanekar and others.

Patil, V. Y. and Bal, D. V. .. Seasonal gonadal changes in adult freshwater Mussel, *Parreysia favidens* Var. *Marcens* (Benson), 26.

Prasad, Vishnu .. Studies in pectic enzymes of parasitic fungi, IX, 119.

Rahaman, A. Abdul .. Reproductive and nutritional cycles of the crab *Portunus pelagicus* (Linnaeus) (Decapoda: Brachyura) of the Madras Coast, 76.

Ramamurthy, V. D. and Krishnamurthy, S. — Effects of N:P ratios on the uptake of nitrate and phosphate by laboratory cultures of *Trichodesmium erythraeum* (Ehr.), 43.

Ranade, D. R. .. The anatomy of the nervous system of the third instar larva of *Musca domestica nebulo* Fabr. (Diptera-cyclorrhapha—muscidae), 34.

Rao, A. R. and Manju Malaviya — A study of sclereids in the fertile parts of two members of cupressaceae, 126.

Rao, A. V. N. .. Embryological studies in *Cleome monophylla* Linn., 249.

Rao, B. V. Seshagiri .. *See* Dutt and Rao.

Rao, G. Chandrasekhara and Ganapati, P. N. — On some interstitial polychaetes from the Beach sands of Waltair Coast, 10.

Rao, S. V. L. N. .. *See* Srivastava and Rao.

Seetharam, P. L. .. *See* Chowdiah and others.

Shah, J. J. and Thulasy, K. S. .. Structure and organization of the shoot apex of *Picea smithiana* (Wall.) Boiss, 175.

Sharma, D. N., Tripathi, S. M. and Srivastava, A. K. — Analytical study of abnormal sori in *Scolopendrium vulgare* Smith, 135.

Shivaramiah, G. .. Observations on the floral morphology and embryology of *Utricularia stricticaulis* Stapf., 56.

Shukla, J. P. .. *See* Agarwal and Shukla.

Siddiq, E. A. .. A note on the induced hairiness in colchicine and colchicine-*cum*-irradiated plants of *Zea mays*, 165.

.. Colchicine induced chromosome mosaic in *Sorghum vulgare* L., 275.

Singh, Dalbir .. Structure and development of seedcoat in cucurbitaceae, I, 267.

Srivastava, A. K. .. *See* Sharma and others.

Srivastava, G. S. and Rao, S. V. L. N. — Correlation of optical properties and chemical composition of cordierites, 167.

Talwalkar, G. V. .. *See* Kanekar and others.

Thulasy, K. S. .. *See* Shah and Thulasy.

Tripathi, S. M. .. *See* Sharma and others.

Trivedi, M. L. .. Anatomy of normal and tetracot seedlings of *Prosopis juliflora* DC., 114.

Usha Zutshi .. Variation in the morphology and solasodine content of two races of *Solanum incanum* Linn., 108.

.. Interspecific hybrids in Solanum, I, 111.

Yadava, R. L. .. The nervous system of the female *Saccharicoccus sacchari* Cockerell (*Pseudococcidae*: Homoptera), 94.

TITLE INDEX

Aerobacter aerogenes, nucleic acid and protein content of, effect of viomycin on (Agarwal and Shukla), 192.

Alismataceae, further contribution to the anatomy of the (Govindarajulu), 142.

Anophelines, tropical, four species of, salivary gland chromosomes in (Chowdaiah and others), 181.

Arthobacter species, morphogenesis in (Mullakhanbhai and Bhat), 231.

Asparagus officinalis L., autotetraploid, cytomorphological studies in (Janaki Ammal and Kaul), 1.

Bromeliaceae, embryological studies in the, I (Lakshmanan), 49.

Cleome monophylla Linn., embryological studies in (Rao), 249.

Colchicine and colchicine-*cum*-irradiated plants of *Zea mays*, induced hairiness in, a note on (Siddiq), 165.

Colchicine induced chromosome mosaic in *Sorghum vulgare* L. (Siddiq), 275.

Cordierites, correlation of optical properties and chemical composition of (Srivastava and Rao), 167.

Cucurbitaceae, structure and development of seedcoat in, I (Singh), 267.

Cupressaceae, two members of, a study of sclereids in the fertile parts of (Rao and Manju Malaviya), 126.

Fimbristylis diphylla Vahl., female gametophyte and embryo in, development of the (Murty and Kumar), 185.

Fishes, freshwater, skeletal muscles of some, glutamic, oxaloacetic transaminase (GOT) activity in (Narawane), 16.

Fungi, parasitic, studies in pectic enzymes of, IX (Prasad), 119.

Glossimetra Mehra, 1937 (Plagiorchiidae: trematoda), two new species of the genus, description of (Dwivedi), 200.

Musca domestica nebulo Fabr. (Diptera-cyclorrhapha-muscidae), third instar larva of, the anatomy of the nervous system of the (Ranade), 34.

Myriophyllum intermedium DC., embryological studies in (Nagaraj and Nijalingappa), 210.

2-Naphthylamine, effect of the substitution of 3-methyl group on the carcinogenic activity of (Kanekar and others), 257.

Parreysia favidens Var. *marcens* (Benson), adult freshwater mussel, seasonal gonadal changes in (Patil and Bal), 26.

Phoenix sylvestris L., leaf of, some aspects of histogenesis in (Padmanabhan), 221.

Picea smithiana (Wall.) Boiss, shoot apex of, structure and organization of the (Shah and Thulasy), 175.

Polychaetes, interstitial, from the beach sands of Waltair Coast, some (Rao and Ganapati), 10.

Portunus pelagicus (Linnaeus) (Decapoda: Brachyura), crab, of the Madras Coast, reproductive and nutritional cycles of the (Rahaman), 76.

Prosopis juliflora DC., anatomy of normal and tetracot seedlings of (Trivedi), 114.

Quilon beds, the lithology and sequence of the (Menon), 20.

Rauvolfia serpentina from Kerala, two races of, morphology and alkaloid content of (Dhar), 106.

Rauvolfia serpentina, heredity *versus* environment in the production of alkaloids in (Janaki Ammal and Dhar), 103.

Saccharicoccus sacchari Cockerell (Pseudococcidae: Homoptera), the female, the nervous system of (Yadava), 94.

Sapotaceae, morphological studies in, I (Kapoor), 153.

Scolopendrium vulgare Smith, analytical study of abnormal sori in (Sharma and others), 135.

Solanum incanum Linn., two races of, variation in the morphology and solasodine content of (Usha Zutshi), 108.

Solanum, interspecific hybrids in, I (Usha Zutshi), 111.

Sphyraenidae of the Indian Coasts, I (Dutt and Rao), 238.

Symplektites, some, from Madurai District, Madras State, a study of (Chidambaram), 83.

Themeda quadrivalvis (Linn.) O. Ktze. var. *quadrivalvis*, some observations on the autecology of (Pandeya), 63.

Trichodesmium erythraeum (Ehr), laboratory cultures of, effects of N:P ratios on the uptake of nitrate and phosphate by (Ramamurthy and Krishnamurthy), 43.

Tylophora R. Br. (Asclepiadaceae) from South India, new (Henry), 161.

Utricularia stricticaulis Stapf., observations on the floral morphology and embryology of (Shivaramiah), 56.
